American Swimming Coaches Association (ASCA) Certification Course Level 1 & 2

Course Objectives

ASCA Level 1: The Foundations of Coaching

The ASCA Level 1: Foundations of Coaching covers the fundamental principles of swimming and swim coaching. This course is designed to introduce coaches to the philosophy of sport and empower coaches on the pool deck. Topics covered include swim management, coaching communication, teaching methods, and guidance on developing young athletes.

ASCA Level 2: The Stroke School

The ASCA Level 2: Stroke School builds off the material in the Level 1 School and is designed to educate coaches on constructing the best strokes for their swimmers during practice. The primary reason parents bring their children to practice is to learn how to swim better - This is where it starts. In this online certification course, you will learn:

- Biomechanics and Scientific Principles for the Understanding of Swimming Strokes
- Teaching Progressions for Butterfly, Backstroke, Breaststroke, and Freestyle
- Effective Starts and Turns
- Skills and Methods for Better Coaching
