

ISA Introduction to Kettlebell Course

(Powered by BlackJacqStrength)

This course is for fitness enthusiast and current fitness instructors who like to learn more on the techniques of kettlebell movements, a kettlebell workout program, and the unique benefits of the kettlebell workout. This course allows you to review your own posture and kettlebell technique that will reap the benefits of not only strength due to the resistance training principles but also the ability to gain knowledge on proper posture and functional mobility. This is a practical-based class with 80% spent on practical practice.
