**REGISTRATION ENDS ON 18 APR 2025**

### - WHAT IS THIS COURSE ABOUT? -

#### Course Synopsis

The Functional Training Course (Level 2) provides deeper understanding of functional training, covering concepts relating to training program design and movement screenings. Learners will be taught methods to track and monitor fitness progress, and develop training programs that are effective in achieving various goals.

#### Course Objectives

Upon completion of the course, participants will be able to:

- Conduct basic fundamental movement screening
- Evaluate the needs of an individual
- Design balance and progressive functional training workouts that cater to different needs of individuals
- Implement methods to track and monitor fitness progress, including strength and mobility

#### Course Syllabus and Schedule

Refer to page 3 for detailed course syllabus and course schedule.
